SUPPLEMENTAL CATALOGUE

FOR THE

FALL OF 1859 AND SPRING OF 1860.

In presenting this Supplement to our last Catalogue, we return our sincere thanks to our customers for their liberal patronage, and we hope that by strict attention to our business we will share a continuance of the same.

Since publishing our general Catalogue last year, we have enlarged our grounds and made many valuable additions to our former large stock. We are now prepared to offer to the public an extensive collection of Fruit and Ornamental Trees of Southern growth. Our Trees are unusually large and fine, and cannot fail to give satisfaction.

In the following list we only give such varieties of Fruit Trees, Ornamental Stock, etc., as are not included in our previous Catalogue. Persons not already possessing that Catalogue will be supplied free, by mail, on application.

Our friends will find it greatly to their interests by conforming with the following rules, as by so doing dissatisfaction will be avoided on all sides:

1. Orders are generally sent in too late, and therefore we cannot often supply all the articles called for.

2. Too often orders are mixed up in the body of a letter, and very difficult to make out; therefore, we beg our friends to write their order upon a separate sheet of paper and enclose it in the letter.

3. In order to avoid loss by mail, we should request, that in all possible cases money should be forwarded through the Adams' Express Company, or we will fill the order and forward through the above—the purchaser can then remit the amount to the Company's Agent upon the delivery of the package.

TERMS.—For all orders less than $20, cash. A credit of sixty days will be given for orders above that amount, upon receipt of a bankable note in either of the Augusta Banks, or a city acceptance.

CAUTION.

We have ascertained that persons have been selling and peddling inferior trees, and representing themselves as our agents. We hereby caution our customers and the public, that we have no tree venders or traveling agents connected with our establishment, (except such as have written certificates,) and would request our patrons to forward their orders direct to us, or to our regular Local Agents, Messrs. Pomroy & Marshall, Mobile, Ala., or V. LaTaste, Augusta, Ga.
APPLES.

The following new varieties are all of Southern origin, and many are offered to the public for the first time.
